80. Tejani A, Sullivan EK. Do six-antigen matched cadaver donor kidneys provide better graft
survival to children compared to one-haploidentical living-related donor transplants?: A
report of the North American Pediatric Renal Transplant Cooperative Study (NAPRTCS). Pediatr
Transplant 2000;4:140-143.

81. Vats AN, Donaldson L, Fine RN, Chavers BM. Pretransplant dialysis status and outcome
American Pediatric Renal Transplant Cooperative Study. Transplantation

82. Warady BA, Bashir M, Donaldson LA. Fungal peritonitis in children receiving peritoneal
dialysis: A report of the North American Pediatric Renal Transplant Cooperative Study (NAPRTCS).

83. Wood EG, Hand M, Briscoe DM, Donaldson LA, Yiu V, Harley FL, Warady BA, Ellis EN;
North American Pediatric Renal Transplant Cooperative Study. Risk factors for

84. McDonald R, Ho PL, Stablein DM, Tejani A; North American Pediatric Renal Transplant
Cooperative Study (NAPRTCS). Rejection profile of recent pediatric renal transplant
recipients compared with historical controls: a report of the North American Pediatric

85. Warady BA. Should the DOQI adequacy guidelines be used to standardize peritoneal

86. Ellis EN, Yiu V, Harley F, Donaldson LA, Hand M, Warady BA, Wood EG; North American
Pediatric Renal Transplant Cooperative Study. The impact of supplemental feeding in
young children on dialysis: a report of the North American Pediatric Renal Transplant

87. Langlois V, Geary D, Murray L, Champoux S, Hebert D, Goodyer P. Polyuria and
proteinuria in cystinosis have no impact on renal transplantation. A report of the North

transplant recipients: a report of the North American Pediatric Renal Transplant

89. Bartosh SM, Fine RN, Sullivan EK. Outcome after transplantation of young patients with
systemic lupus erythematosus: A report of the North American Pediatric Renal

NORTH AMERICAN PEDIATRIC RENAL TRIALS
AND COLLABORATIVE STUDIES

ABSTRACTS AND PRESENTATIONS

34. Tejani A, Sullivan EK, Fine RN, Harmon W, Alexander S. Steady improvement in cadaver
graft survival (GS) among North American children. A 5 year appraisal by North
American Pediatric Renal Transplant Cooperative Study (NAPRTCS). Presented,

35. Tejani A, Sullivan EK, Stablein D, for the North American Pediatric Renal Transplant
Cooperative Study. Clinical co-relates of graft failure due to chronic rejection in North

donor (LD) renal transplants (TX): A report of the North American Pediatric Renal
Transplant Cooperative Study (NAPRTCS). Presented, ASTP, Dallas, 1996.

37. Singh A, Stablein DM, Tejani A. Risk factors for vascular thrombosis (VT) in pediatric

1 year half-life of pediatric renal transplants. Presented, ASTP, Dallas, 1996.

children: report of the North American Pediatric Renal Transplant Cooperative Study

40. Benfield MR, Herrin J, Tejani A, Feld L, Rose S, Stablein DM. Safety of kidney biopsy in
pediatric transplantation: A report of the North American Pediatric Renal Transplant

Nutrition and outcome of young children on dialysis: A report of the North American
Pediatric Renal Transplant Cooperative Study (NAPRTCS). Presented, ASN, San

42. Furth S, Donaldson LA, Neu AM, Fine R, Fivush B. Effect of renal diagnosis on height
SDS in children with CRI: A report of the North American Pediatric Renal Transplant

43. Furth S, Sullivan EK, Neu AM, Tejani A, Fivush BA. Varicella requiring hospitalization in
the first year after renal transplantation: A report of the North American Pediatric Renal

transplantation (RT) in children: A report of the North American Renal Transplant

45. Schurman SJ, Stablein DM, Perlman SA. Center volume effects in pediatric renal
transplantation: A report of the North American Pediatric Renal Transplantation

ABSTRACTS AND PRESENTATIONS

87. Tejani A, Stablein DM, Ho PL. Calculated creatinine clearance (CCC) as the most promising candidate surrogate end point for clinical trials. Presented, ATC. Washington, DC, 2002.
